October 20, 2006

ROUTE 210 CLOSURE NOTIFICATION – WEEK OF OCTOBER 23

The Route 210 construction project will require the following closures in San Bernardino the week of October 23:

Route 30 – Lane closure

A lane closure will occur on eastbound Route 30 between Miramonte Drive and H Street in San Bernardino. Electrical work will occur on the outside lane, October 23 to 27, from 7 a.m. to 3 p.m.

Highland Avenue – Intermittent closures

Intermittent lane closures for both eastbound and westbound travel will occur on Highland Avenue between California Street and Route 30 in San Bernardino. Crews will continue bridge work through October 27 from 9 a.m. to 3 p.m. One lane in each direction will remain open at all times to motorists.

Southbound Interstate 215 connector to eastbound Route 30

A full closure of the southbound Interstate 215 connector to eastbound Route 30 in San Bernardino will continue through November 19. Motorists should continue on Interstate 215 past the interchange and exit at the 27th Street/Mt. Vernon off-ramp, turn west onto Highland Avenue and turn northeast to enter eastbound Route 30 as an alternate route during this closure.

State Street – Full closure

A full closure of State Street north of Highland Avenue in San Bernardino will remain in place through late 2006 for on-going storm drain improvements. Motorists should use Macy Street via Adams Street and Highland Avenue as the detour. The full closure will remain in effect 24 hours per day.

Cajon Boulevard– Intermittent full closures

Bridge construction will require intermittent full closures of Cajon Boulevard between Hancock Avenue and Medical Center in San Bernardino. Alternating closures will be in effect through late 2006. During the closures, motorists and pedestrians can use California Street, Highland Avenue and Medical Center Drive as an alternate route. Detour signs are in place to direct drivers through the area.

Eastbound Route 30 to northbound Interstate 215

A full closure of the eastbound Route 30 connector to northbound Interstate 215 will continue until the Route 210 construction is complete in 2007. As an alternate route, motorists should continue on Route 30 past the interchange and exit at the H Street off-ramp, head north on H Street, enter westbound Route 30 and then enter northbound I-215.

For more project information, call the Route 210 toll-free helpline at 1-866-HELP-210 or visit the SANBAG website at www.sanbag.ca.gov. SANBAG and Caltrans appreciate your patience during construction of this new freeway. Please allow extra time when traveling through the construction area and follow all signs and detour routes.

Remember, Safety: It's no accident!
